## In-Person Placement Activity Guidelines

The live Placement Activity component of the review process will enable applicants to participate in three different art classes: a Creative Writing class, a Visual Arts class and an Integrated Arts class. After a brief introduction, applicants will be placed into different groups and rotate through the sequence of three classes. Applicants do not have to prepare any material for this activity. This exercise is designed to expose applicants to a wide variety of artforms, and they will be assessed on a three-indicator rubric that measures their artistic technique, engagement, and growth mindset.

Applicants should be prepared for a brief interview with the School of Fine & Media Arts leadership.
